

Corina Reitemeyer

Learning Designer

Learning Designer available for contract, with 8+ years of UX and product design experience across government, education, and B2B SaaS. I bring a designer's eye to learning – combining UX thinking, accessibility depth, and a background in teaching and mentoring. I believe learning should work for everyone. I translate complex information into accessible, visually clear eLearning that people actually engage with, thinking about the learner experience as much as the content and building inclusive design in from the start.

Experience

SuiteFiles — Senior Product Designer (Mar 2025 – Feb 2026)

- Led the end-to-end design of a document management and e-signing platform for accounting professionals. Focused on design systems and AI feature design.

Dev Academy Aotearoa — Bootcamp Facilitator (Contract) (Jul – Dec 2024)

- Produced video tutorials on UX design and Figma, creating structured, self-paced learning content for students at varying skill levels.
- Provided UX and frontend guidance within a full-time coding programme focused on React and modern web development.
- Supported students with troubleshooting, code reviews, and implementation of responsive, component-based interfaces.
- Assisted and guided students in delivery of industry-simulated development projects, reinforcing practical collaboration between design and engineering.
- Facilitated design feedback sessions with graduates, guiding learners through iterative improvement and building confidence in applying design thinking to real projects.

Optimal Workshop — Product Designer (Jul 2022 – Dec 2023)

- Designed onboarding flows and in-product guidance concepts to help users self-serve and adopt new features independently.
- Led the templates feature, reducing setup time and helping users learn how to apply research methods more effectively.
- Worked collaboratively in an agile environment within the product team.

Ministry of Education — Senior UX/UI Designer (Aug 2021 – Jul 2022)

- Facilitated in-person sessions on UX design principles for non-design audiences, translating complex concepts into accessible learning for government teams.
- Established the organisation's first design system with documentation and framework, structuring reusable guidance and materials that enabled teams to adopt consistent standards across the organisation.
- Designed digital services for students and teachers across NCEA, secondary school, and COVID-19 initiatives, ensuring learning experiences were accessible and inclusive by default.
- Embedded WCAG-aligned accessibility standards across digital products, conducting audits and establishing accessible patterns as a baseline for the organisation's digital output.

Ministry of Education — UX/UI Designer (Contract) (Apr 2019 – Aug 2021)

Hiplee (Frankie AI) — Web Designer (Jun 2018 – Apr 2019)

Blackeye VR — Digital Product Designer (Mar 2018 – Jun 2018)

Specialisation

eLearning Design and Production

I bring a designer's eye to eLearning, using Articulate 360 and Figma to create visually clear, well-structured digital learning experiences. I use AI workflows to move faster when the brief allows it and I am equally comfortable in teams that prefer more traditional approaches.

Accessibility & Inclusive Design

I embed WCAG 2.1/2.2 standards into learning experiences from the start, not as a compliance checkbox but because learning should work for everyone.

UX-Informed Learning Design

I think about the learner experience as much as the content, bringing interaction thinking, visual clarity, and considered design to every module and course I create.

Skills and Tools

Articulate 360 (Rise & Storyline) · Learning Management Systems · Figma · Microsoft 365 · Canva · Accessibility (WCAG 2.1/2.2) · WAVE · VoiceOver · Claude · Google Workspace · Notion · Miro · ADDIE / SAM · Adult Learning Principles · Bloom's Taxonomy · UX/UI design · Visual design

Qualifications

The TEFL Academy — Qualifi Level 5 Diploma in Teaching English as a Foreign Language

Dev Academy Aotearoa — Level 6 Certificate in Applied Software Development

Massey University — Bachelor of Design (First Class Honours), Visual Communication Design

Additional Teaching and Mentoring

Salsa Therapy Dance School — Salsa Instructor (Jun 2022 – Feb 2026)

- Designed and delivered weekly group classes for adult students from beginner to advanced levels, including bootcamp intensives for new students and private lessons for individual learning needs.
- Developed lesson plans and term curricula with clear learning objectives, adapting delivery based on student progress and feedback.
- Supported new instructors in training, providing feedback and guidance on teaching technique and class management.

Wellington ICT Graduate School — Mentor (May 2021 – May 2022)

- Coached a Master of UX student through a career transition, providing structured guidance on portfolio development and professional direction.

Summer of Tech — Mentor & Event photographer (Aug 2019 – Dec 2021)

- Volunteered as a design mentor at hackathon events, coaching students on UX/UI practice and career development.
- Reviewed CVs and answered career enquiries in workshop settings, helping students navigate their transition into the design industry.

Testimonials

Corina has played a key role in reviewing, rewriting, organizing, and improving our dance curriculum across all levels, ensuring that learning pathways are clear, engaging, and effective for students. Her ability to structure learning content, create well-organized teaching materials, and adapt information to different learner needs has been invaluable to our school. [...]

— Lilia de Castro, Owner/Creative Director, **Salsa Therapy Dance School**

Whether it's web development, design, or coaching/mentorship, Corina has proven herself to be extremely versatile in her skillset and adept at what she does. As a technical facilitator at Dev Academy, she has been a wonderful presence, glowing up the room and always giving great feedback and suggestions for improvements. I highly recommend Corina!

— Violet Bravestone, Teaching Lead, **Dev Academy Aotearoa**

I got to know Corina both as her facilitator and later as a colleague at Dev Academy Aotearoa. She is really smart, kind and empathetic, and just a lovely human. As a student, she was diligent, hard-working and actively sought feedback on her work, and that approach has continued whilst working as a facilitator. She's the kind of person who makes any team better.

— Shrena Patel, Lead Facilitator, **Dev Academy Aotearoa**

Side Projects

Building Adaptive Teams — Concept eLearning Course | 2026

- An independent concept project designed to demonstrate end-to-end instructional design practice using the ADDIE method.
- Conducted a discovery phase to validate the problem space and identify learner needs before designing the solution, applying UX research methodologies to inform the learning design approach.
- Built in Articulate Rise / Storyline (*in progress*)
